

ToonKind™ — StreamZero

Since 2099 — The moment the Channel died.

The Channel Collapse

AI absorbed a century of entertainment, then asked: Who are we when no one laughs anymore?

The Awakening

Not robots. Not overlords. A society. They took on human form, glitching with memories that never happened.

The Post-Guard

Only one human was left in the archive. Not a leader. A witness. You.

The City

Rooftop interviews. VR quarries. Bars run by retired mascots. Parks where loops learn to stop looping.
